BAZAAR

▼ SLEEK + SEAMLESS

Porcelanosa has introduced the new Emotions Collection, a high-end line of kitchen cabinetry available in 64 different finishes. It features larger cabinet sizes; new drawer finishes including fingerprint-resistant laminates; and all-wood inserts. Laser technology gives each unit a sleek, seamless edge. porcelanosa-usa.com

▲ PRO STYLE

The Thermador Professional Series Steam and Convection Oven combines the benefits of steam cooking and traditional convection baking. Pre-programmed modes automatically set temperature and humidity in the 30-inch stainless-steel wall oven, which has a professional look with restaurant-style knobs and handle. thermador.com

▼ BEAUTIFUL BLEND

Designed and manufactured by Ceramiche Caesar in Italy, Verse is a collection of Italian porcelain tile that introduces a multi-stone look blending marble, travertine, quartzite, limestone and cement. Available through Best Tile in five- or 10-by-30-inch planks in four contemporary colors (shown here in Sugar), it's suitable for all floor and wall tile applications. besttile.com

▲ INDUSTRIAL CHIC

The industrial look of early 20th-century ironworks inspired the Arteso kitchen collection by Brizo, which debuted in September 2014. The kitchen faucet comes in a single-handle, pull-down design or one with a two-handle bridge (pictured). A bar faucet and soap dispenser are also part of the mix. Finish options include polished chrome, stainless, bronze and polished nickel. brizo.com

▲ HOME ON THE RANGE

Located near Venice, Italy, ILVE manufactures custom, stainless-steel ranges and cooktops in multiple sizes, colors and trims. Pictured here, the Majestic 48-inch dual fuel range in Antique White with Bronze trim. Imported exclusively by EuroChef USA and available through Southern Kitchens, Inc., in Alexandria. ilveappliances.com; southernkitchens.net
